SUMMARY

Resilient, organised and detail-oriented are the three words I'd choose for myself. I get along with people well: I talk to them, earn their confidence and bring them along in every project. I like systems because they keep me organised, and I'm a bit of a perfectionist. My interests are strategy, events and leading projects, and I'm planning an MBA to build on them.

WORK EXPERIENCE

Master Components Limited, Nashik

Jan 2025 - Present

Corporate Affairs & Employee Engagement Lead. Manufacturer of plastic moulded components, founded 1999, listed 2023.

ESG Strategy & Implementation

- Built the ESG programme from scratch; **EcoVadis score rose from 40 to 55** in one assessment cycle.
- Led Zero Waste to Landfill certification (TÜV SÜD, DIN SPEC 91436) in three months: **first MSME in Maharashtra**, since upgraded to Gold.
- Appointed an ESG champion in each of eight departments; **zero non-conformities** in the ISO 14001 and ISO 45001 audit.
- Extended the GHG inventory to Scope 1, 2 and 3, independently verified to ISO 14064-1; prepared the voluntary BRSR section of the annual report with the Company Secretary's team.
- Saved **₹25 lakh+** by negotiating every ESG quotation.

Employee Engagement & Culture Building

- Started monthly townhalls, Employee of the Quarter and the group's first sports league; **95% of the company's 85 employees take part**.
- Rebuilt onboarding and built an automated open-positions tracker with a dashboard; now leading the appraisal system and code of conduct with the HR team.

Branding & Corporate Storytelling

- Rebuilt the brand, website and LinkedIn presence: **100,000+ LinkedIn impressions in 2025**, followers from **100 to 1,300+**.
- Designed and reviewed the annual report with the Company Secretary's team; built 30+ leadership decks, including the AGM deck.

Leadership projects

- Designing the organisation structure with the VP and Strategy Head, and the employee stock option plan (ESOP) with the Company Secretary and the Strategy Head.
